QUOTATION

Meta Ads Budget

AVL-2026-055

RECOMMENDED AD SPEND

Paid directly to Meta · billed separately

STARTER

Rs. **800** / day

~ 5-10 leads / day

A low-risk entry budget to validate targeting and creative. Generates a steady but modest flow of leads while we learn what resonates with your audience.

RECOMMENDED

GROWTH

Rs. **2,000** / day

Higher-quality leads

A stronger budget lets Meta's algorithm optimise toward better-fit prospects — producing higher-intent leads that typically convert at a meaningfully higher rate.

A note on conversions. Ad spend drives the *volume and quality* of leads, but final conversion depends just as much on your **sales team** — how quickly and effectively leads are followed up and closed. We optimise the top of the funnel; closing the loop is a shared effort.

HOW WE'LL START — LOW-RISK APPROACH

Test before scaling

01

Run at Rs. 800/day

We launch the campaign at the starter budget for an initial **2-day test** period.

02

Performance report

After 2 days we generate a clear report — leads, cost per lead, and quality signals.

03

Decide & scale

Based on the data, we decide together whether to scale up, adjust, or hold.

QUOTATION

Terms & Sign-off

AVL-2026-055

TERMS & CONDITIONS

- 01 All prices are quoted in Indian Rupees (INR).
- 02 The total engagement fee of Rs. 50,000 is payable in two equal milestones of Rs. 25,000 as scheduled on page 01.
- 03 The first payment is due now on agreement; the second is due 1 July 2026.
- 04 Meta ad spend is paid directly to Meta and is separate from the engagement fee; lead estimates are indicative and vary with industry, targeting, creative and audience size.
- 05 Final conversion rate depends significantly on the responsiveness and effectiveness of the sales team. We begin at Rs. 800/day for 2 days, review performance, and scale by mutual agreement.
- 06 Any third-party tool licenses, LinkedIn Premium / Sales Navigator seats and paid ad spend are pay-per-use and billed separately.
- 07 This quotation is valid for 30 days from the date of issue.
